Michigan Happenings

Judge William P. Steinkohl, principal court, notified the Lansing council that he is not satisfied the salary fixed in the 1925 budget.

It remains the same as when elected, \$2,400. The council had an increase of \$600 when it decided to raise the salaries of all the officers. As a result, Ind

PREVENTING HASTY MARRIAGES

Unless an extra amount of pressure is brought to bear upon the legislature, which is not likely, the measure which provides that five days must elapse between the procuring of a marriage license and the performance of the ceremony, will be enacted into law. The purpose of such a statute is the prevention of hasty marriages,

but will it accomplish such results? Iowa has just repealed their ten-day marriage law, which was in effect two years. The result of placing such a law on the statute books was to practically drive the performance of marriages out of that state. Young folks are apt to be very jealous, especially when it comes to their love affairs, and they resent the state sticking its nose into their business. Hasty marriages can be prevented by allowing the daughter to entertain her company in the best room in the house, instead of along some country lane in the midnight hours. Make confidants of your sons and daughters and there will be no need of even a five-day marriage law in this state.

HAWKERS AND PEDDLERS.

Aroused by the countless number of hawkers and peddlers that have been

flooding the state during the past year with everything from a patent soap to a three-piece machine, the united retailers of the state are behind a measure, which has already passed the senate, to put a curb on these irresponsible panhandlers of merchandise, who are here today and gone tomorrow, leaving in their wake hundreds of saddened, but sober, buyers of their wares. The home merchant is the backbone of every community; as he progresses, so in proportion does each city and village. He is the purveyor of honest goods and can always be found when conditions are to be made. The doorbell ringers come with their shoddy goods and glowing sales talks which they exchange for the hard-earned dollars of our citizens leaving nothing in return. They pay no taxes, support no local institutions and are parasites upon community progress. It is high time their activities in this state were materially curtailed.

COMPULSORY AUTOMOBILE INSURANCE

Compulsory automobile insurance is proposed for Michigan in a measure recently introduced in the Michigan legislature. This measure, if enacted, would penalize the careless driver because of the losses of a comparatively few who burn up the city and country lanes in an effort to satisfy a mania for trying to get somewhere before they are due. Compulsory automobile insurance would result in increased cost of insurance and would have no effect in reducing the present number of automobile accidents. We should advocate such insurance only after every means has been exhausted in adopting accident prevention. Michigan legislators should scan such measures with a great deal of carefulness. The average motorist already has enough costs to bear.

GETTING CLOSE TO HOME.

When we hear somebody mention socialism or radicalism, we instinctively visualize it as something peculiarly related to present conditions in Russia. Just how true that is, is brought home to us by an incident which occurred the other day in Detroit when the police department was called out to disperse a meeting of 500 "reds" who had congregated to protest the hanging of one of their number in an European country. The Ohio legislature has been asked to investigate charges that certain professors in the Ohio State University were teaching some of the principles of the red soviet to university students.

When socialism gets that close to home, it is high time we took an interest in helping to combat this movement that threatens the very life of the nation. The rural school, church and press have a vast work outlined for them in helping to prevent the American traditions and practices. Someday they will rest as the cornerstone of the new Republic that is to be.

TAX REDUCTION AT HOME.

We cannot accomplish much in the way of tax reduction if for every economy made we allow excess tax laws to place a still heavier burden upon the taxpayer. We talk about economy and tax reduction and all we have in mind is the Federal income tax and Federal economy. In the meantime there is a perfect orgy of spending going on in our cities, states and villages and taxes are going up by leaps and bounds while the public who is ever crowded with political refugees who never did a stroke of work in their lives and who keep living on the fat of the land, it is time to begin tax reduction at home, starting with your local authorities and carrying on up to your state legislators.

In a garden, almost every family had a garden, cow, pigs and chickens. Mother gave herself over to raising a large family of splendid boys and girls, while father was too busy to growl about class legislation. Nowadays, mother is an expert with a can opener, father can drive two hundred and sixty yards down the highway, while it's a poor offspring that don't know where the old garden parks the motor vehicle in the garage. And then we sit around and wonder what has happened to civilization.

He who proposes a new tax is trying to make two poorhouses grow where only one grew before.

LOCAL NEWS

Buy shoes at Olson's and get better results.

Get nice fresh Hot Cross buns at the Model Bakery tomorrow (Friday). Ladies, we have just received a new lot of Ensemble suits. Will be pleased to show them to you.

Dr. C. J. Hathaway, optometrist of Pontiac will be in Grayling April 28th and 29th. Plan to have your eyes taken care of at this time. 4-9-3

Wear Edmonds Foot Fitters and forget your feet. E. J. Olson.

The Blue Bird Sunday school class will hold a bake sale and tag day Saturday, April 18th.

There will be a special meeting of Grayling Chapter C. E. S. No. 83, on Wednesday evening April 15th, initiation and refreshments.

Don't miss the Easter dancing party to be given by the Catholic Men's club at the High school gymnasium next Tuesday evening, April 14.

There was a meeting of the Golf club Tuesday evening and arrangements made to proceed at once with work on the grounds. Secretary A. M. Lewis is busy collecting 25 per cent. of the money subscribed.

In a recent issue of the Avalanche we published a list of bequests made by the late Nels Michelson. It happens that two names were omitted.

Norman Vallad of Michelson and Henry Ford of Saginaw, each of whom received \$500. They too were former faithful employees of the Michelson Lumber Co. of Michelson.

Bert Johnson of the Central Drug store spent Sunday at his home in East Jordan.

Mrs. Estelle Archambeau, who has been attending Grayling Mercy Hospital Training school has gone to Detroit to complete her training at St. Joseph's Mercy Hospital.

Ear Rasmussen and family moved from Monroe Thursday of last week and visited until Sunday with his and Mrs. Rasmussen's parents.

The family, who have been residing in Monroe for the past six years, are moving to Royal Oak to take up their residence.

Miss Carroll Miller of Flushing accompanied them here also and visited Miss Elda Gierke.

J. Sidney Graham of the Grayling Greenhouses moved to Saginaw Sunday, accompanied by Charles Gierke, to get an extra supply of flowers for the Easter trade.

A class of five boys were confirmed on Palm Sunday at the Danish Lutheran church by Rev. Kjolhede.

The class consisted of George Schroeder, Marius Hanson, Eric Rosenstand, Emmanuel and Alfred Johnson. Supper was served at the Danebod Hall in the afternoon and a program rendered in the evening.

Those attending from out of town were: Sam Johnson of Iron Mountain, Ingemar Hanson, Herman Hanson, Robert Maynard, Mrs. John Schroeder of West Branch.

Fire destroyed the farm home of George Annis in Beaver Creek township Tuesday. It started from a spark on the roof and before it was discovered the flames had a big start.

The contents of the home were also consumed with exception of a new cream separator that happened to stand near a door. It left the Annis family destitute of cooking except those they had on hand and all household effects. The garage was cleared out and will be occupied for the present until a new home may be constructed.

The loss is severely felt by the family, who in a very brief time witnessed their accumulations of many years suddenly taken from them. The people of the community deeply sympathize with them in their misfortune.

There is a state wide campaign to put an end to child immunization. We want Crawford Co. to be completely by the end of May. Having diphtheria does not immunize. Using Anti-toxin protects only for 3 weeks. Toxin-Anti-Toxin is the only sure protection. Find out about it. After Anti-Toxin

Notices have been sent out by the East Michigan Tourist Association to members appraising them that a new service of the organization is now at their disposal. one must wait six weeks before giving Toxin-Anti-Toxin. Every child over six months old should take it. Little children are more susceptible to diphtheria and in more danger if they get it.

Notice: I have taken the agency for the Great Lakes Nursery Co., of Bridgeman, Mich. A full line of fruit trees, berry plants, shrubs, etc., at a price far below what others are asking. As it is late in the season I will not be able to call on everybody in time for spring planting. If interested drop me a card or phone 663. 4-7-25 C. R. King.

NARRATIVE REPORT OF COUNTY NURSE FOR MARCH.

This month the work has not lacked variety.

The survey at school is finished and analyzed. The cause of retardation seems mostly to be absence and the cause of absence is frequently illness, and illness is largely due to defects and defects to bad health habits, which brings the matter back to the nurse and teachers and, of course, the parents.

The children with low mental ability would be a great asset to the school regularly and have their defects corrected and habits improved. If they add defects and ignorance to their low mental ability they are apt to make very undesirable citizens, whereas they might be desirable citizens and respected in spite of low I. Q. The accomplishment of this: To the worthy citizens, is the objective of education, public health and social welfare, and in order for any one to succeed all must cooperate. And back of them is the necessity of some sort of religion if we are to have any. Then back of the whole program stand the parents. We must work with them, and begin early with the children. In this we have made a good start. We have a Mother's club of fifteen members and have had an attendance of seven. One mother comes two miles. We use chiefly good articles from health magazines.

SAYS NEW HIGHWAY WILL BE EQUAL TO DIXIE.

Urging residents of all sections of the state to assist in the proposed re-location of highways, Hon. W. S. Linton, of Saginaw, ex-congressman, former postmaster of Saginaw and at present a member of the state tax commission, declares that the planned highway from Mobile to Mackinaw, thru the center of the state will have as much traffic as the Dixie highway.

Mr. Linton made the statement at a meeting of the Commercial societies of the state and executive committee of the East Michigan Tourist association, in Saginaw.

"Years ago," he said, "My friend Marston and I saw and discussed the things which were to come. We have seen them tenfold beyond our expectations. The tourists must be invited to East Michigan and they must be cared for when they come. Some of our counties are poor in funds and they are helped in every way to bear their burden."

"The state administration is planning to do certain things, with some of the state highways. Many were wrongly originated. They should have been built to follow the scenic beauties of the state. Some of these highways now are diverted from the scenic beauties and pass inland."

"We should assist in the re-location of these proposed new highways. Soon there will be a road from Mobile to Mackinaw thru the center of the state. Just as many people will travel that road as now travel the Dixie highway. This road will be worth more to some of the towns along the route than all of the industries they will ever have."

"I am ready to do all I can to aid the East Michigan Tourist association. I am ready at any time to assist in seeing that my city does its share toward the work."

FRESHING BREEZES

What has become of the old-fashioned worker who used to be on the job ten minutes ahead of the starting whistle?

These are the good old days we

will be longing for in a few years from now.

Scientists recently found a skull half an inch thick in Arizona. Has anybody thought to examine the petrified member of the legislature that is continually proposing something new in the way to tax legislation.

WE CORDIALLY EXTEND

Our Easter Greeting

TO ONE AND ALL

AT THE SAME TIME

We wish to call your attention to our Fresh, Green Vegetable Department.

Fresh, fancy Louisiana strawberries, leaf and head lettuce, green peppers, green onions, radishes, parsley, asparagus, cucumbers, celery, fresh spinach and tomatoes.

Oranges, large and small, grape fruit, bananas and apples.

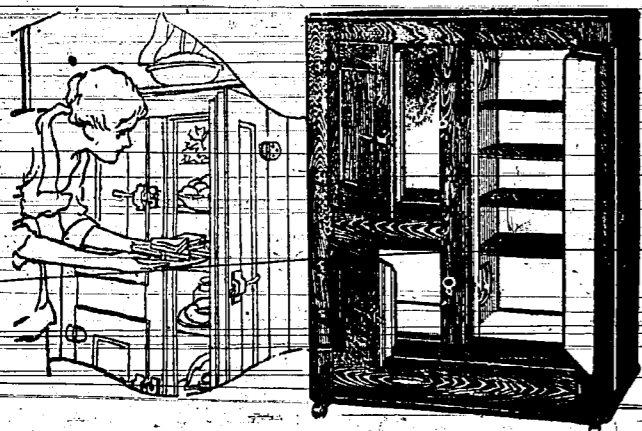

Saturday Bargains

We will as usual have our Saturday Bargains which we have on exhibit in the store. Please call in to see these or phone us.

THE 40th LEONARD YEAR

Why Leonard Leads

Leonard CLEANABLE Refrigerator

"Like a Clean China Dish"

Recently a test was made to compare the cold-retaining power of various refrigerators. Under similar conditions as to location and icing, it was found that the air in the Leonard Cleanable was from six to eight degrees colder than the air in the others. The Leonard leads in economy as well as in efficiency.

One out of every seven refrigerators sold is made by Leonard.

We sell and recommend the Leonard. Call at our store and see this marvel of efficiency and economy. Why not today?

SORENSEN BROS.

"The Home of Dependable Furniture"

Locals

THURSDAY, APRIL 9, 1925.

Time to paint up and Clean up, and we don't mean the ladies, either.

Get ready for the bake sale at the Health Center, and tag day, to be given by the Blue Bird girls of the Michelson Memorial Sunday school, Saturday, April 18th.

Frank Calkins stayed in town, after arriving from the southern states just long enough to cast his vote and Monday afternoon left for the Recreation club down the AuSable. And with him went a large load of lumber and his hammer and saw again this summer. He delights in this kind of work and has constructed a number of nice cottages on the Recreation club lands.

Frank Michelson and sons Frank and Nels of Detroit and Carl Mickelson of Mason landed at the Sunrise club on the AuSable river intending to spend a week. Upon arrival they found that someone had broken into the club house and apparently had lived there for several days. Whoever it may have been, when they left they carried away a number of their best blankets, dishes and cooking utensils, besides eating up all their canned provisions. The intruder left the place in a very disorderly and dirty condition. We try the offenders may be apprehended and punished.

"Don't laugh, girls," read a placard on the back of a dilapidated Ford the other day, "if you had all the paint rubbed off you'd look like this, too."

Ham and Eggs for Easter Breakfast

Nothing tastes better for Easter Breakfast than some of our guaranteed fresh Eggs and a slice of our Hickory Cured Ham. Order today and we will deliver the Saturday before Easter.

Grayling, Mich.

ARM BUREAU NOTES

R. B. BALLEW
County Agricultural Agent

Saturday

Hereafter, through the summer, the county agent will be in his office over the post office in Grayling on Saturdays and stormy days only. The rest of the time will be spent among farmers of the county, testing soil, testing milk for those who wish it, and so on, to see if the cows are profitable, speaking to the pupils of the rural schools on agriculture and illustrating the talks with suitable demonstrations, looking after the State Experimental Farm at Grayling.

Not Too Late

It is not too late, if you attend to it at once, to send for ornamental evergreen shrubs, and shade trees. The county agent has pictures in natural green colors showing how to group several kinds of low growing and high-growing evergreens by the front steps and along the foundation of the house to make a beautiful ef-

fect having subscribed and paid for a car of fertilizer (acid phosphate). This car of phosphate and 200 tons of lime will do a lot of good in this county and should be just the beginning.

There is no good reason why all of our farmers should not have large crops of corn and oats and good hay fields. To have these they will have to break away from old customs. They will have to plan on using more green manure crops which are cheap. Use more lime and more acid phosphate. Have Saved Others.

These practices have saved others. They will save our farmers, who unless they do these things to put the land in better shape to raise larger crops to keep more cows and more hams through the winter, will be fifty years from now in just the same bad fix they are now in. It can be done. Dollar a Bushel.

If ordered soon before they are gone or the price goes up the county agent can get for our farmers certified Wolverine seed oats at one dollar a bushel, bags extra.

Every spring some come in late and in a hurry after seed oats only to be

told that they are gone. Take time by the forelock. Don't add poor seed of any kind to your troubles.

Disc and Drag Should Be Going

All fall plowing should be dragged by this time to prevent water from drying out. Last years corn and potato ground should be disced for the same purpose, and plowed later. Laugh!

People may laugh and many do when I tell them that it is worth while to do these things to save moisture for the crops.

Some of our crops require 500 tons of water to grow a ton of dry matter. Often on a bright, warm day with a little breeze, 10 tons of water per acre per day will evaporate from the soil.

The wise farmer knows that this water should be saved to grow crops. He discs and drags early and often to save it.

Don't let the farm bleed to death by the process called evaporation. Get busy and disc and drag. Drag each morning what you plowed the day before.

All Winter

To the best of my knowledge there has not been a bushel of Crawford county apples offered for sale in the stores of Grayling. All have been western apples at a high price. People of Grayling have not eaten

FERTILIZER INCREASED AMOUNT OF GOOD CORN AND REDUCED AMOUNT OF SOFT CORN AND NCBBINS.

enough apples for their health. Think how nice it would be for farmers to come into town with a sleigh load of bright red, clean, smooth, juicy winter apples, without scab or wormholes and take home a roll of bills!

So, order a few fruit trees now, care for them well and have a good income in old age.

Divide Your Troubles

Those who have not felt like paying out money all at once for lime, acid phosphate and alfalfa seed, can divide their troubles. They can get the lime only. Put it where corn is to be planted this year, after the ground has been manured and plowed. It will thus have a chance to become well mixed with the soil and dissolved before next spring. Then buy acid phosphate and alfalfa or sweet clover and put on the same place.

Acid Phosphate Too

Please do not forget what acid phosphate will do for corn and oats and gardens.

Four sacks per acre for gardens and potatoes.

Three sacks per acre will make corn larger, fewer bunnies, and ripen earlier.

Ripening earlier ought to sound good to a farmer.

Try a few sacks at \$1.75 for a sack of 125 pounds.

200 Tons.

We feel rather proud to be able to say that farmers have subscribed with the county agent for 200 tons of agricultural limestone to be shipped in the month in five cars. The money has been collected and is in the

Largest Purchaser

The purchaser of the largest quantity of limestone this spring is Mr. Geo. W. McCullough, who leads off with 25 tons.

Mr. Adam Clarke, of Grayling took 20 tons and Mr. Geo. W. McCullough took 15 tons.

And, rather proud, too, of far-

Get your Kodak out

"The Home of Dependable Furniture"

COUNCIL PROCEEDINGS.

Regular meeting of the Common Council was held, the 17th day of March 1925, as adjourned from March 1924, 1925.

Present: R. D. Connine, Geo. W. McCullough, Frank Sales, C. O. McCullough, George Burke.

Absent: M. A. Atkinson, D. Hoels.

Resolved that, pursuant to former actions taken by the Board at former sessions thereof, wherein it has been customary to contribute to the financial support of the Grayling Citizens' Band, and application having been made at this meeting for a continuance of such action for the ensuing year, and

Whereas it is apparent to this Board that said organization is well founded and has its Board of Executive Officers who direct and control the financial activities of that body, and who serve as such without compensation any wherein membership is open to any who might apply, without fees, thus being a public benefit and as such contributes to the entertainment of the public without charge free open air concerts during the summer months and for such other municipal occasions, when such services are required, without further compensation to that body or the individual members thereof, thereby being a mutual benefit to all concerned.

Therefore Be It Resolved that the sum of \$750.00 be and the same is herewith appropriated from the General Fund of the Village, payable to the Treasurer of the said Grayling Citizens' Band in regular installments of \$250.00 each, at the beginning of each quarterly period commencing April 1925 and running to December 31, 1925, and that the Clerk is hereby directed to make payment of said amounts accordingly.

Moved by Sales, supported by C. O. McCullough that the resolution be accepted, approved and adopted.

Yeas and Nays voted called.

Yeas—Geo. W. McCullough, Frank Sales, C. O. McCullough, George Burke.

Nays—none.

Absent—M. A. Atkinson, D. Hoels.

Motion carried.

Resolved that upon due consideration of matters pertaining to general supervision of installation of water works and all matters incident thereto and further in accordance with the provisions of Act No. 334 of the Public Acts of 1919 wherein it is provided that competent engineers must be employed by municipalities in all public improvements aggregating in cost of \$2,000.00 and over, and in compliance therewith.

Be It Resolved, that authority be and is hereby extended to the President and Clerk of this Board to employ Mr. E. S. Clark, a registered engineer of the city of Kalamazoo, Michigan for this purpose, and that the President and Clerk be and are hereby authorized to enter into an agreement with Mr. E. S. Clark, aforesaid, and his associates, conditioned for the general supervision and inspection of said construction, at a consideration of an amount not to exceed 5 per cent of total construction costs.

Moved by Sales, supported by Geo. W. McCullough that the resolution be accepted, approved and adopted.

Yeas and Nays voted called.

Yeas—George Burke, Geo. W. McCullough, C. O. McCullough, Frank Sales.

Nays—none.

Absent—M. A. Atkinson, D. Hoels.

Motion carried.

Moved by Geo. W. McCullough, supported by Sales, that the bids for construction of concrete piers for water tower be taken under advertisement and referred to the Engineers for recommendations.

Motion carried.

The following named members of the Council were appointed as the Board of Inspectors for the Special Election to be held March 30th, 1925: George Burke, Frank Sales, C. O. McCullough, George W. McCullough and D. Hoels.

Moved by Sales supported by Burke that the Committee on Finance, Claims and accounts be authorized and directed to effect sale of a wagon belonging to the village at an amount not less than \$10.00.

Yeas and Nays voted called. All members present voting yea. Motion carried.

Motion carried.

Chris Jensen, Village Clerk.

Special meeting of Common Council was held on the 2nd day of April 1925.

Present: C. O. McCullough, President Pro-Tem, George Burke, Geo. W. McCullough, Dan Hoels, Frank Sales.

Absent: R. D. Connine, M. A. Atkinson.

Certificate of Determination of Special Election relative to Franchise—granting to Grayling Electric Company the right to conduct a business of distributing electricity in the village of Grayling.

State of Michigan

County of Crawford

The Village of Grayling as the Common Council of the Village of Grayling, Crawford County, State of Michigan, as the canvassing board for the said village of Grayling, having ascertained the vote of the said village at the Special Election held March 30th, 1925 on the following proposition, to-wit:

An ordinance granting to the Grayling Electric Company, a Michigan corporation, the right to construct and maintain conductors for conducting electricity in and along and upon the streets, alleys and public places of the village of Grayling and to conduct a business of distributing and selling electricity therein, and in pursuance thereof we further certify that we find the vote aforesaid to be as follows:

The whole number of votes given for and against the said proposition was two hundred twenty-five. Of which number one hundred ninety-five were found containing the complete statement as given on the official ballot used at said election for voting on said proposition and having a cross (x) marked in the square pertaining to the word YES and were given for the said proposition. And

Thirty votes were found containing the complete statement as given on the official ballot used at said election for voting on said proposition and having a cross (x) marked in the

square pertaining to the word NO and were given against said proposition. One hundred ninety-five YES.....195 Thirty NO.....30 Total.....225

And further that the foregoing statement is a correct statement of votes given in the said village of Grayling on the proposition aforesaid as designated herein.

In witness whereof we have hereunto set our hands and affixed the seal of the said Village of Grayling on the second day of April, 1925, at the Village of Grayling, Crawford County, and State of Michigan.

Motion carried.

Chris Jensen, Village Clerk.

ELDORADO NUGGETS.

Mrs. Fred Belmore and children returned to Grayling, Sunday after spending the Spring vacation at home. Fred Hartman moved back to his farm Saturday from Roscommon Co., where he has been engaged in lumbering for the past year and a half.

John F. Floeter and family were Sunday visitors at the Crane home.

Mr. and Mrs. Phillip Hoy of Rose City arrived Monday for a visit at the home of their daughter, Mrs. C. A. Cook, and granddaughter Mrs. Mansel Cone.

Mr. and Mrs. Alvin Scott spent Sunday with Mrs. Mattie Fusch.

Mrs. Julius Gaudin and Ray Cousineau of Roscommon and Miss Alice Kitzmiller of Markey called on Miss Loretta McDowell Sunday.

Mr. and Mrs. Mansel Cone and family spent Sunday at the home of Mr. and Mrs. Henry Stephan on the Au-Sable.

Business callers in the neighborhood during the week were James H. Williams, Augustus Funkh, Hugo Schrieber, Bert Scott, Alvin Scott, Peter Palmer, and Mr. and Mrs. Rufus Mann of Comins.

"MICHIGAN BEATS THEM ALL"

The Bay City Times Tribune in its issue of March 1 under the caption "Michigan Beats Them All" in an editorial, says in part:

Compare Florida with Michigan and note the superiority of this state. If Michigan were an island in the middle of the ocean, it could be self-supporting, that is, it could grow all its own food, and have a large surplus for the storehouse for a rainy day. Michigan can produce all the staple land crops from wheat and potatoes to strawberries and melons. It has own food, and has a large surplus for its regular seasons which afford a variety of weather. It does not become monotonous, as it does in the states where sunshine becomes a burden.

Take it the year around, Michigan beats all of the other states in the union. The people up here, however, do not appreciate their wonderful possessions.

BRANDS FROM THE BURNING

The swift-going world of today will some time return to the things of our forefathers. The rural school, church and press still have their feet on the ground. Some day their teachings will save us from the socialism of the crowded centers.

Mass education tends to send young men and women out into the world with a wrong viewpoint in life. The small college encourages individual effort and trains students for worthwhile work in the world of art, science and industry. Michigan should encourage her splendid small colleges.

WEST BRANCH, MICHIGAN

Doings of the Legislature

(By Ed Nowack)

The governor last week signed these bills:

Bristow bill giving the state power to condemn cemetery land owned by private corporations where land is necessary for public improvements.

Wood bill raising the pay to \$4 daily of Wayne county circuit court jurors.

Wood bill raising to \$8 the pay of Wayne county jury commission.

Cummings bill closing part of the waters of Palmer lake, St. Joe county, to fishing.

Cummings bill to make townships pay \$1 per head for fowls and animals not now listed in protected list.

These bills were introduced in the senate.

Sen. Wood, Detroit: To prohibit aliening of minors.

Sen. W. J. Cane, Benzie: To permit incorporated villages which also are county seats to borrow not to exceed two per cent of its assessed valuation for erection of a county jail on authority of a majority vote.

Sen. Brower, Jackson: To amend the title of the condemnation act to include counties. Also to return to the Public Utilities Commission all powers it had prior to the presidential proclamation which placed all roads under government control. Also to appropriate \$100,000 for the Roosevelt American Legion Hospital at Camp Custer. Also that when suits are started against state officers who reside in Lansing suits will have to be started in Ingham county. Also to regulate the sale of fireworks. Also to make appropriation for \$250,000 for a new state T. B. sanitarium. Also a \$250,000 appropriation for the Women's Training Home at Okemos. Also to declare that all written instruments recorded should state whether male grantors in property transactions are married or single.

Sen. Quinlan, Grand Rapids: Permit state highway commissions to waive filing of performance bond on construction work on trunk line highways.

Sen. Wood, Detroit: To establish caucus system in selecting delegates to Wayne county conventions.

Sen. Peterson, Boyne Falls: Make \$180,000 appropriation to cover the money loaned by the state to the State Board of Agriculture for construction of a stadium at St. A. C.

Sen. Hinkley, Flushing: To retire on half pay state employees who have served 25 or more years.

Sen. Horton, Fruitport: To name state trunk line 34 Carleton Highway because of the birthplace of Will Carleton, the poet, near Hudson.

Sen. Herald: Authorize the medical superintendent of any state institution for treatment of mentally diseased persons to demand autopsy on any body under his control.

Also to provide that in suits to quiet title where it is shown that the claims arose out of an instrument of record for 15 years or more, an order for the appearance of the defendant may issue without further proof. Also to amend public health laws.

Sen. B. L. Case, Ithaca: To raise the pay of probate judges for work on juvenile cases in counties where there is not more than one probate judge.

Sen. Young, Lansing: To change the size of hotel fire escapes and to place enforcement of the fire escape provision under commissioner of labor.

Sen. Atwood, Newago: To provide that in determining damages to owners of property taken for highway purposes the benefits accruing to the owner from the improvement shall be taken into consideration.

In the house the following bills were introduced:

Rep. MacKinnon, Bay City: To appropriate \$100,000 for the payment of claims examined, adjusted and allowed against the state by the state board of auditors.

Rep. Howell, Saginaw: To prohibit net-fishing in Saginaw Bay.

Rep. Lawson, Royal Oak: To return to the Public Utilities Commission all powers it had prior to the presidential proclamation that preceded government ownership and operation of the roads.

Rep. Jewell, Houghton: To provide that the Department of labor shall inspect prison industrial plants in the same manner as factories operated by private corporations.

Rep. Wade, Saugatuck: Two bills to provide that the banking commission shall regulate foreign and domestic building and loan associations in the same manner he now regulates banks.

Rep. Bartlett, Detroit: To provide that acknowledgment of illegitimate parentage may be recorded in the records of the probate courts.

Rep. Bristow, Highland Park: To give the secretary of state control over building and loan associations. Also to prohibit township and city clerks from registering electors except upon personal applications.

Rep. Callender, Detroit: To give corporations organized for constructing highway bridges across state of counties. Also to permit clerks in recorder's courts to administer oaths and accept bonds and to define other duties thereof.

Rep. Blackie, Twining: Exempt housewives and boys and girls' clubs from the law requiring them to obtain licenses from the Department of Agriculture to sell canned goods.

Rep. Madill, Midland: To define the kinds of property in which insurance companies may invest.

Rep. Davis, River Rouge: To fix form and procedure of accepting bail bonds in recorder's courts.

Rep. O'Connell, Sanitar: To close spawning season on suckers, mullet and red horse in Sanitar county from March 20 to May 20.

Rep. Watson, Capaca: To define the duties of justices of the peace.

Rep. Bristow, Highland Park: To prohibit attorneys and others from collecting damage cases from persons injured in accidents.

Rep. McKensie, Concord: Prohibit porcupine and opossum killing until Oct. 1, 1927.

Rep. Preston, St. Joe: That contract carriers shall not be amendable to the common carriers act.

Rep. Watson, Capaca: A bill to make an appropriation for the National Home of the Veterans of Foreign Wars located in Ingham county.

Rep. Ming, Cheboygan: An act to amend the game laws and to define powers and duties of conservation commission.

FATS TRIM LEANS 18 TO 10.

The much heralded game of basket ball between the fats and leans about town played at the school gymnasium Friday night of last week resulted in victory for the former, the final score being 18 to 10.

Of course as a matter of pure basket ball science the game was all, but the crowd and players alike seemed to enjoy the sport.

While the leans played a faster game than their portly opponents and had them gasping for breath long before the end of the first quarter was ended, the big boys were simply impossible to stop. Rules seemed to be in the discard and whenever the leans got the ball they were quite sure to be rammed into by a ton of beef, knocking them off their balance or the ball out of their hands.

After the huskies had succeeded in copping a few baskets, Ebern Olson for the leans tallied with a Long Tom from near the center of the court, and later scored a number of the other points for his team mates.

Several of the scheduled stars for the game failed to show up in uniform. Those taking part in the battle were as follows:

Leans: T. Peterson, Ebern Olson, Charlie Gierke, Axel Larson, Farnum Mattson, Carl Peterson and G. E. Schumann.

Fats: Tony Nelson, Dell Wein, Ben Landsberg, Lloyd Jennings, Wabby Miller and Dago Laurent.

Fuzzy Reynolds refereed the contest and certainly had his hands full trying to enforce the rules and to convince the players that he knew any thing about the game.

There was a fair sized attendance, the proceeds going to the American Legion Post of this city.

The members of Grayling American Legion Post No. 106 heartily thank the players and the public for their patronage. The money will be used in the expense of improving their hall.

STATE OF MICHIGAN,
The Probate Court for the County of
Crawford

At a session of said Court, held at the Probate Office in the Village of Grayling in said County, on the sixth day of April A. D. 1925.

Present: Hon. George Sorenson,
Judge of Probate.

In the Matter of the Estate of Alexander C. Wilcox, Deceased.

George A. Wilcox, Executor of said Estate, having filed in said Court his petition praying for license to sell private real estate therein described, and which is located in the Village of Grayling, in said County.

It is Ordered, That the twenty-seventh day of April A. D. 1925, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that this notice is given, and published in order that all persons interested in said estate, appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Crawford Avalanche, a newspaper printed and circulated in said county.

George Sorenson,
Judge of Probate.

A true Copy,
George Sorenson,
Judge of Probate.
